

## testimonials

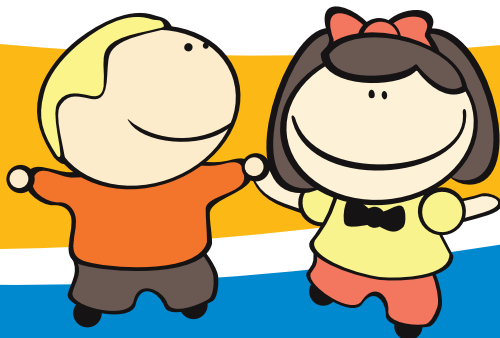

"I owe the family centre a lot because without their support and encouragement I would not be where I am now, with a successful career with further prospects." **Nicola Sarsero**

"My son's emotional and social skills have improved within the recent months and we have built up fabulous relationships which is preparing him for school next year. As a single mother, it has been difficult for me to meet new people and make new friends, but my confidence has increased and I look forward to the group every week."

**Catherine Williams**

"The jewellery project that I have been attending since last year, has given me a lot of drive and the ability to get up and go every day." **Sharon David**
